End of Term 3, Academic Year 2025/26

Highlights from Term 3

Academic Excellence and Milestones

As we conclude Term Three and the 2025/26 Academic Year, we are pleased to reflect on the strong academic progress our learners have made. Through the dedication of our teachers and commitment of our students, key learning milestones have been achieved across all classes, preparing learners for progression to the next academic level.

Our Foundation Stage Two (FS2) learners are especially recognized for completing their Early Years Education, having built strong foundations in Early Literacy and Mathematics as they transition into Cambridge Key Stage One.

We also celebrate our Year 3 learners, the pioneer class for the Cambridge Progression Tests 2026, who have achieved a significant milestone through their hard work and dedication. We look forward to having them in Year four and promise to deliver the best as we prepare them for the Year six check point exams.

We remain committed to delivering high-quality education that promotes academic excellence and lifelong learning. We thank our parents, teachers, and learners for their continued support throughout the academic year.

Career Week: Celebrating Every Role in Our Community

One of the highlights of Term Three was Career Week, which gave learners the opportunity to explore different professions and appreciate the importance of all roles in society. The theme emphasized that no job is small and every contribution matters.

Each class recognized a member of the support staff. Learners also took part in simple practical activities such as cleaning and assisting with daily school duties, which helped them to develop respect for work and responsibility.

The week ended with a Career Dress-Up Day and inspiring talks from professionals, including a teacher, a pediatrician, and a pilot, who encouraged learners to pursue their ambitions with dedication. Career Week was a meaningful experience that broadened learners' career awareness and respect for all professions.

Celebrating Our Mothers and Fathers

Term Three provided a wonderful opportunity to celebrate and appreciate the important role parents play in our learners' lives. During our Mother's Day and Father's Day celebrations, learners expressed their love and gratitude through heartfelt cards, simple gifts, and special activities that recognized the support, guidance, and care provided by their parents.

These celebrations strengthened the bond between home and school while encouraging gratitude, respect, and appreciation among our learners. We thank all our parents for their continued partnership and support throughout the academic year.

Successful Parent-Teacher Conferences

Our Parent-Teacher Conferences were a key highlight of Term Three, providing an opportunity for meaningful discussions on learners' academic progress, achievements, strengths, and areas for improvement. These interactions strengthened the partnership between home and school, supporting the holistic development of each child.

We sincerely thank all parents and guardians who attended despite their busy schedules. Your continued support and collaboration are greatly valued in ensuring the success of our learners.

Foundation Stage Two Graduation Ceremony

A major highlight of Term Three was the graduation of our Foundation Stage Two learners, marking the completion of their Early Years Education and transition into Cambridge Key Stage One.

The event was celebrated with a memorable evening gathering attended by learners, parents, family members, and staff, recognizing the learners' achievements in Early Literacy, Mathematics, and overall development, as well as the support of parents and teachers.

We congratulate our graduates and wish them success in the next stage of their education. A special highlight was the symbolic "bridge crossing" ceremony, representing their transition from Early Years into primary school.

Exciting Sports Day Finale

Exciting Sports Day Finale

The academic year concluded on a high note with our much-anticipated Sports Day, a favourite event for the learners of Acadia International School. The day was filled with excitement, teamwork, and healthy competition as learners participated in various sporting activities.

Highlights included the 100-meter races and the bicycle race, which attracted great enthusiasm from both participants and spectators. Parents also attended in large numbers, creating a lively atmosphere of support and encouragement throughout the event.

Beyond the medals and trophies, Sports Day reinforced important values such as perseverance, discipline, teamwork, and resilience. Learners were grouped into teams, promoting unity and collaboration, making it a memorable and fitting conclusion to the academic year.

Building Character for Life

As we conclude the 2025/26 Academic Year, we are grateful for the opportunity to nurture both the academic growth and character development of our learners.

At Acadia International School, our commitment to moral upbringing remains central. Through Bible lessons this term, learners explored key values such as the power of words, self-control, and priorities, helping them make wise choices and build positive relationships.

These lessons continue to support our mission of developing well-rounded learners who excel both academically and morally. We thank our parents, staff, and learners for their continued support in building a strong, values-driven school community.

"Watch your thoughts, for they become words; watch your words, for they become actions; watch your actions, for they become habits; watch your habits, for they become character; and watch your character, for it becomes your destiny."

Holiday programme / Summer camp

We are pleased to announce our upcoming Holiday Programme/Summer Camp running from 6th July to 24th July 2026.

The programme will provide free academic support in English and Mathematics for all primary learners, aimed at improving their academic performance.

In addition, learners will enjoy fun and enriching activities, including swimming, football, arts and crafts, storytelling, and home management skills.

Academic Year 2026/2027

The first term for the academic Year 2026/2027 will commence on 24th August 2026. Other termly dates will be communicated in the beginning-of-term newsletter.

We look forward to a productive and enjoyable holiday experience for all our learners.

Have a restful holiday and may God bless you all.
